

D.A.V. COLLEGE PEHOWA

Affiliated to K.U., Kurukshetra

Green Campus Policy

DAV College Pehowa demonstrates sensitivity and responsibility in implementing eco- friendly concept on the campus. We promote sustainable healthy practices with the aim of promoting a green culture in and around the institution striving to develop best practices / strategies in environmental management. We believe that establishment and maintenance of green campus are vital components besides spreading awareness regarding the green practices among students and educating stake holders.

Our green campus policy focuses on a plan of action to prudently manage water resources, waste management, conserve natural resources and promote eco – friendly and recommend minimal paper use. The college shall implement following practices towards establishment and maintenance of green campus and adopts the awareness and green initiatives on and beyond the campus.

Water Management

- Campus provision for Rain water harvesting and water recycling to resolve and manage water scarcity problems.
- To promote awareness towards climate change and conservation of water resources.
- To emerging awareness and conservation of drinking water.
- To promote effective water management by adopting prudent approach through drip pipe lines, recycling of drainage and rain water harvesting.

Waste Management

- The college believes in creating awareness amongst society about the waste management.
- To promote the efforts for the conservation of waste into renewable energy.

Renewable Energy

- Enhanced awareness about renewable energy.
- Promote usage of solar power equipments.
- To adopt and promote use of energy efficient electrical equipment's.

Green Building

- To promote and effectively monitor the implementation of solar passive technology for sustainability and green concepts.
- Ensuring and Maintaining cleanliness in and around the campus and minimizing waste general.

Paperless Office

- To promote awareness about the benefits of paperless work in reducing the waste production and green practices developing a digital library.

Tobacco Free Campus

- As per institution policy and rules the use of Tobacco products is strictly prohibited.

Green Initiatives beyond the campus

The green campus programs beyond the campus shall be encouraged and planned with a commitment and support from the management. A green neighborhood program will inculcate social skills in students and bring awareness in communities towards creating a healthier eco-friendly society.
